HDPE & LLDPE Bags and Films, VCI Bags - VCI, Zip Lock, Custom Printed Bags - Hand and Machine Stretch Wrap

## Hand Stretch Wrap Films

Our versatile performance multi-layer blown hand stretch wrap films have high puncture and tear resistance which reduces film breaks. Outstanding cling package keeps the wrap in tacked. Load retention and toughness of blown film ensure protection for loads.

Available in 60 gauge up to 120 gauge, 12", 15" and 18". Clear, Black, Red, Blue, Green tint color available.

Ultra-performance multi-layer blown hand stretch wrap films is a premium grade film with a special orientation for a stronger film and allowing for thinner gauges. Rolls are lighter weight and easy to use, minimizing fatigue during applications. Available in 47 gauge & 57 gauge, 18" wide.

Pre-Stretched hand wrap films unrivaled load holding force, puncture resistance, clarity and an aggressive cling package that is well suited for many applications. Available in 8.5-12.5 Micron thick, 12.5"-17.5" width.

Quite-Cast hand wrap stretch wrap films available in 70-80 gauge, 12,15 and 18". Banding stretch wrap film available. 80 - 90 gauge, 3" and 5" width. w/ handles Extended Core hand stretch wrap also 70 - 80 gauge x 20" wide with extended core handles.

## Machine Grade Stretch Wrap Films

Our multi-layered cast two side cling all-purpose wrap provide excellent performance for wrapping most pallets. Engineered to stretches up to 250%, providing great load containment, puncture resistance and cling property working well on all semi-automatic stretch wrap machines.

Available in 60 gauge – 120 gauge, 20" width.

Our Ultra-performance multi-layered cast one side cling is engineered to stretches up to 300%, designed for high speed pre-stretched automatic wrapping equipment.

Available in 55 gauge – 90 gauge, 20" wide.

## Recommended thickness for types of loads

Load A	Uniform boxes on pallet Weight under 1200 Lbs	60 gauge below
Load B	Slightly irregular load Weight 1200-2000 Lbs	63 gauge - 80 gauge
Load C	Irregular Load Weight over 2000 Lbs	90 gauge -120 gauge
